It partners with firms covering Mauritius, Canada, UK, South Africa, Luxembourg, Hong Kong. PIVOT is a founding member of TSSAG (The Securities Services Advisory Group).

PIVOT founded by Securities Services Industry veteran Viraj Kulkarni, is Asia's leading consulting firm providing advisory and non-advisory services globally, in Securities Services & Market Infrastructure space. Its business segment also includes Brokerages, FPIs, Fund Accounting, Training in the business transformation space PIVOT with a decade of global and local experience is recognized for thought leadership initiatives and outlier solutions.

The fast-paced developments on regulatory front as well as increased client centric solutioning has tightened the rollout and adaptability time for the market intermediaries. The combined expertise will focus on providing valued added Tech solutions initially in the Securities Services space and expanding into the Financial Service space Globally. Both Pivot Consulting and Techstalwarts are ideally positioned to provide out of box valued added solutions to institutions.

Viraj Kulkarni, Founder and CEO of PIVOT: “We see this as a natural value extension to the diversity to expertise we currently provide in the Capital Markets space in India and overseas. This will provide multi-dimensional benefits to clients as it will bring expertise, innovative solutions, faster TAT and high quality of delivery systems together. We value the engagement with Techstalwarts.”

Shailesh Mehta, Cofounder of Techstalwarts:

“We as Techstalwarts have built a lot of solutions around Fintech which involves, banking solutions, international payment remittance systems, Neo banking solutions and Products for Global Equity Markets. With the collaboration with Pivot, we intend to use our combined domain knowledge in building the large solutions for capital markets and deliver solutions globally”.
