PIVOT Management Consulting Recognised as Highly Commended Capital Markets Advisory Firm for 2025

Singapore/Hong Kong — India-headquartered PIVOT Management Consulting Pvt. Ltd. has been recognised as Highly Commended in the **Capital Markets Advisory Firm of the Year** category at the 8th Regulation Asia Awards for Excellence 2025. The recognition was announced at an in-person awards ceremony held on 10 November 2025.

The Highly Commended honour is awarded to firms that demonstrate exceptional performance, innovation, and client impact, distinguishing themselves in a highly competitive field.

PIVOT was recognised for its transformative impact on its clients and the broader Indian capital markets ecosystem. The firm’s deep, practitioner-led expertise was instrumental in guiding clients through significant growth and complex regulatory change. Notably, PIVOT advised a custodian that saw its assets under custody (AUC) grow from USD 35 billion to USD 430 billion, propelling it to become the third-largest and top-ranked custodian in India. The firm also played a crucial advisory role during India’s historic transition to a T+1 settlement cycle.

“PIVOT’s impact is undeniable and impressively quantifiable. Guiding a client to more than double its assets under custody and become the top-ranked custodian in India is a testament to their deep expertise,” said a judge on the Regulation Asia Awards panel. “They are a boutique firm that consistently delivers enormous, transformative results, proving that specialised knowledge and a focused approach can drive success.”

The judges also credited PIVOT for its strategic role in navigating complex market reforms, its commitment to industry-wide education and empowerment, and its ability to combine high-level strategic advisory with hands-on implementation and training.

About the Regulation Asia Awards for Excellence 2025

The *Regulation Asia Awards for Excellence* recognises financial institutions, technology companies, legal and consulting firms, exchanges and other players that help ensure the highest regulatory compliance standards are upheld in the financial industry. Each year, senior industry practitioners serve on a [judging panel](#) to help assess and score each submission to determine the winning entrants.
